The power of GOD is astonishing. The mind of man prefer to stay in this physical world and try to claim they need to control the "climate change" yet will not turn to Him who saves and repent.

There is a medical clinic in the town of Hi Hat acting as donation center. Minuteman Medicine. They also have an amazon wish list set up to assist local residents. Help if you are able and pray always!

Did our Supreme leader declare a state of emergency? Nope.

I believe we're up to 8 deaths here now unfortunately, at least that's what I've heard from the local news outlets. 😞

This was a flash flood for Perry county, which means it's quick, I watched the news at 7 pm and no mention of Perry co flooding, then we got a river flood after that. It's bad here and surrounding counties of eastern ky.
